LIST OF GRADUATES

These alumni books are made up by Cleo Sherman Smith each year for the alumni banquet. They maybe purchased for \$2.50. She keeps up the graduating classes each year so as you may keep your old book current. Please contact her at 219-462-6555 with any deaths, marriages etc. during the year.

The Boone Grove High School Alumni Association would like to take this opportunity to thank our Historian William F. Roeske and his wife Louise for their time and research in this historical project of our schools.

We would also like to thank all of those who had contributed information, for without it, this project could not have been accomplished.

More additional information from anyone will always be appreciated.

This book was put together by your 1980 Alumni Officers.

The following pages will list the Boone Grove High School graduates.

FOREWORD

Louise Wachholz Roeske found the following composition in her scrapbook. The original copy is in her sister Annabelle's handwriting and was written when she was attending the Porter Cross Roads School. Annabelle does not know when she wrote this, but it must have been written about 1933 when she was in the 7th grade. She says that most of the credit should be given to her teacher Louise Cobb Kaltenbach.

DIRECTORY OF THE SCHOOLS OF PORTER TOWNSHIP as compiled from historical records and information provided by former students from the various Township Schools. The project has been sponsored by the Boone Grove High School Alumni Association for the purpose of making a record of our heritage for the benefit of anyone who is interested in the past, present, or future.

This school was also called the Mud Lake School due to its proximity to a swamp which had a large pond. The swamp was to the east. According to the Annabelle Wachholz essay, the Mud Lake School was built in 1874 when Jim Phillips was trustee. Mud Lake School was closed in 1930.

Porter Cross Roads School	250 S - 500 W on St Rd 2	1921 Plat	A. & L. Weiler

The Porter Cross Roads School was built in 1916. It was a brick building that consisted of 2 rooms, basement, library, and cloak rooms. The "little room" was on the left facing the road, the "big room" faced the rear, the library was at the back between the 2 classrooms, and the cloak rooms were across the front of each classroom. The Porter Cross Roads School was closed in May 1935, but not razed until the fall of 1946. Its bricks were used for the construction of a house.

Item #7 on the Wachholz list is a reference to the old Cross Roads School. Marie Shook Forbes provided this descriptive article above and remembers that the transition from horse drawn buses to motorized buses was made in October 1924. She also believes that there were times when the horses were reactivated due to bad roads, bad weather, and other emergencies that the motorized bus could not handle.

SCHOOL DISTRICT #8

Cross referencè is #2 on the Annabelle Wachholz list. Our research indicates that cross reference #1 and #2 on her list are both District #8 schools.

The frame building built on the Pendowski farm (where the orchid is) built in 1863 was later replaced by a brick school house which was built some time after the 1876 plat was published.

The Beech School was closed in the fall of 1916. Edwin Claussen says pupils went to school there for 2 months before the Porter Cross Roads School was ready to enroll them. This pinpoints down to about November 1, 1916. The pupils used to walk to the Beech School but they were transported to Porter Cross Roads School by a horse drawn bus.

SCHOOL DISTRICT #9

<u>NAME</u>	<u>LOCATION</u>	<u>DOCUMENTATION</u>	<u>NEARBY LANDOWNER</u>
District #9	453 S Co Rd 500W	1876 Plat	L. DeFord

Hurlburt School	561 W Co Rd 450S	1906 Plat	Emma E. Ross
Hurlburt School	Same	1921 Plat	Emma E. Ross

The original District #9 school was commonly referred to as the Baker school. This school was replaced by the new building that was constructed in Hurlburt in 1904, Mr. R. Phillips was trustee at the time. The Hurlburt School burned down in 1924 and the pupils were transferred to Porter Cross Roads. We have very good documentation from Ruth Adams Rigg whose father ran the store and Post Office in Hurlburt.

SCHOOL DISTRICT #10

<u>NAME</u>	<u>LOCATION</u>	<u>DOCUMENTATION</u>	<u>NEARBY LANDOWNER</u>
District #10	648 W Co Rd 500S	1876 Plat	E. Morrison
District # 10	654 W Co Rd 500S	1895 Plat	James E Carson
Carson School	Same	1906 Plat	J. C. Douglas
Skinner School	753 W Co Rd 450S	1921 Plat	Jacob Wright

This school has an interesting history. It is #3 on the Annabelle Wachholz list where it is indicated that the Skinner School, south of Birdie bridge, was built 75 years ago which goes back to about 1858. The names Skinner and Carson both refer to the same school. We have documentation that James E. Carson was a nearby landowner as of 1895. We are not sure who came first or second, in other words who was the predecessor or who was the successor. This school has also been referred to as "Carson College" and "Skinnerville" (by the children, we presume). It was relocated some time between 1906 and 1921 at which time it was situated directly across the road from the farm residence of Dr. Levi Cass, later that farm was owned by Thomas Wood, and in 1920 purchased by Mr. and Mrs. William A. Shook who resided there until May 1928. Ruth Adams Rigg and Marie Shook Forbes supplied this information.

SCHOOL DISTRICT #11

<u>NAME</u>	<u>LOCATION</u>	<u>DOCUMENTATION</u>	<u>NEARBY LANDOWNER</u>
District #11	352 W. Co Rd 550S	1876 Plat	A. R. House
District # 11	327 W. Co Rd 550S	1895 Plat	S. E. Cornell
Boone Grove School	Same	1906 Plat	Serena E Cornell
Boone Grove School	Same	1921 Plat	Serena E Cornell

Serena E Cornell was a very interesting person. Her maiden name was Serena House, a daughter of A. R. and Sophia House. Her relatives started moving into this area in 1835. She was born about one mile east of Boone Grove on Feb. 6, 1851. Her father was a tenant farmer, but after a few years, he bought the farm of 160 acres that is documented in the 1876 plat. It was on the southeast corner of this farm where the District #11 school was built. As a child her parents had to provide for her education from personal funds as there was no public school. At one time the neighbors pooled their resources to provide private schooling for 2 dozen children in the "Samuel Eaton home", where they were taught by Miss Russell. Apparently this was the Grove School on the Clites farm referred to on #14 of the Annabelle Wachholz list. It was located at 300W Co Rd 550S.

She married Merritt Cornell in 1873. All 4 plats commencing with 1876 list the farm in her name. District #11 school was originally built on her father's farm. When the railroad was constructed in 1882 it either cut across the school grounds or at least was too close to it, so the school was moved to its present location which we commonly refer to on the Merritt Cornell farm. Early in its history the Cornells donated one acre to the school and then in 1932 the widow (Serena Cornell) donated another acre.

What we have said about the history of Boone Grove prior to the public school could also be applied to all the other 10 districts. Prior to the public schools the parents had to provide education for their children from personal funds.

The Boone Grove High School had its first graduating class in 1899. Information about the high school is already quite well documented and will not be a part of this project.

Would you kindly
 assist me with any
 information you
 might have as to
 who is married to
 who - any deaths
 that I have missed.
 This will enable me
 to make new books
 that are more up-to-
 date for the Alumni
 Banquet in 1990.
 It is a pleasure
 to work with this
 book and I thank
 you for the privilege.
